WUSPE 2013

Hanoi, September 19, 2013

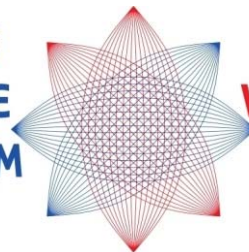

*International workshop on
**Wireless communications and User's centered Services
in Pervasive Environments 2013***

Workshop program

08h40-09h20: **Philippe Martinet**

IRCCYN Ecole Centrale - Nantes

*Control of Redundancy in Complex Systems: Theoretical
Concepts to Applications*

09h20-10h00: **Anne Spalanzani**

INRIA/E-Motion - Grenoble

Autonomous Navigation in a Human Environment

10h00-10h20: **Coffee Break**

10h20-11h00: **Fawzi Nashashibi & Oyunchimeg Shagdar**

IMARA Team, INRIA Rocquencourt

Cooperative Wireless Communications for Road Users

11h00-11h30: **LE Minh Hoang**

Department PSI - MICA

Energy management in smart building

11h30-12h00: **Dao Trung Kien**

Department PSI - MICA

Heterogeneous localization

12h00-12h15: **Group Photo**

12h15-14h00: **Lunch time**

14h00-14h40: **KE Wu**

CREER, University of Montréal - Canada

*Transceiver Architecture Fusion of Wireless
Communication and Radar Sensing Systems*

14h40-15h20: **Jean-Marc Duchamp**

IMEP/LAHC – Grenoble

*Radio-Frequency Energy Harwesting: Rectenna and
Rectifier*

15h20-16h00: **Coffee Break**

16h00-16h30: **Nguyen Van Duc & Quang Nguyen Khanh**
School of ET – HUST

*Improvement Performance of Multi-hop Ad-hoc
Networks based on Cross-layer Design*

16h30-17h00: **LE Minh Thuy**

Department PSI – MICA

*Vehicle Identification and Classification system using
electromagnetic waves*

17h00-17h15: **Closing Ceremony**

Workshop program
